# Dedication

The academic year of 1993-94 has been a great challenge to the GDA community. By the end of the fall season, GDA had lost two extremely valuable and long-term members. Mr. David Gaouette, long time maintenance worker at GDA, and Mr. Edward J. Rybicki, an English master, beloved husband, father, coach, dorm master, and advisor, both passed away after heart attacks. Although the GDA community, with "Non Sibi Sed Aliis" spirit, was able to come together and help each other to live through the tragic moments, GDA still suffered one of its most difficult periods in its 231 years of history.

Mr. David Gaouette served this community for almost 35 years until his sudden death on September 19, 1993. Like most hard workers on this campus, Mr. Gaouette, known as "the man with the flashlight," worked diligently but quietly in almost every corner of this 500 acre campus. One of 17 children, Mr. Gaouette received little education, but taught

himself well. His successful self-teaching enabled him to run almost everything, from the Zamboni in the rink to personal computers. He came to GDA when he was only 17 years old. Until his death, his persistent and high quality work for the past three decades in the hockey rink, the waste treatment plant, and the night shift made him an unforgettable member of the GDA community. Mr. Gaouette's spirit as an inspirational person and as a dedicated employee will always be remembered by this community.

The majority of the student body is more familiar with Mr. Edward J. Rybicki. Mr. Rybicki worked at GDA for the past 16 years. He innovatively designed his own computer software to improve student's grammar and writing skills. His career reached its peak when he was chosen to correct the AP English Exam in the past summer. He spent his leisure time on his own English grammar book which is being published at this moment. Whoever had Mr. Rybicki for English would say

that he was a unique teacher. His seriousness, encouragement, and constant humor made him a respectable mentor of the students.

Outside the classroom, Mr. Rybicki served as the advisor for GDA's student-run weekly newspaper, "The Governor." Only with Mr. Rybicki's persistent help and careful advice could "The Governor" have started so well this year. In athletics, Mr. Rybicki successfully coached GDA's football, basketball, and track teams in the '70s and '80s. He was always present at all the major athletic events on campus. When he suddenly passed away on December 6, 1993, he was the coach of the men's 3rd basketball team.

Mr. Gaouette and Mr. Rybicki were both dedicated members of this closely knit community. Their presence will always be felt and Governor Dummer will never forget them for their devotion. With warm gratitude and a tremendous amount of respect, we dedicate the 1994 "Milestone" to:

## Mr. David Gaouette and Mr. Edward J. Rybicki

I expect to pass through this world, but once. Any good therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now. Let me not defer or neglect, for I shall not pass this way again.

Despues de 543 dias de esclavitud, solo quedan 49 dias para volver a la anarquia. Tras haber pasado dos años de monotonía absoluta, ya puedo divisar en el horizonte la buena vida. Yankees si de verdad quereis pasaroslo bien exiliaros una noche a la tierra del pecado, ESPAÑA.

Para PABLO mi deportista favorito, el cual me ha tratado de enseñar los encantos de la buena vida sin éxito, nos vemos en Barna. A Poncho, el cual de tanto trabajar me hacia sentir culpable de mi vagueria, quedas invitado a Barcelona y si ganais la liga que mejor que celebrarlo a costa de un Cule.

Abu muchas gracias por toda la confianza que me has dado, sin ti nunca hubiera podido mejorar tanto, heres el mejor entrenador, y te recordare siempre. see you in Barcelona. Gil I'll see you in Sydney 2000. Chris Terry, Tim O'keef, Jon Stetler, Todd Robins, I will always remember you as the best distance team G.D.A. has ever seen. Jackie Bean have faith and keep running.

Laura haber si estudias mas, y la proxima vez hazme el favor y presentale a tus padres a tu novio. Memo haber si te cortas el pelo, y si jamas pasas por barcelona y Gary te deja, ya sabes donde tienes tu casa. Tambien dar las gracias a aquellos profesores que me han ayudado, Purdy, Moore, Leavitt, Nelson quien no me apuntaba las campanas, Stowens, Ceglarski, Eaton, Moonves, Mr. Rybicki, Van Ness, White, and a special mention to my dedicated advisor K.C.Casell. Hasta siempre G.D.A., and I'll see you at reunion weekend.

Muchas gracias Governor Dummer, sé que "tenemos tiempo", diría Vicente "y que todo es fenomenal y fantástico", pero hace un frio del carajo y hay que matarlo a base de sopas de ajo. Siempre recordaré las sopas que nos "fotíamos", como diría Pablo, a las 2: 00 de la mañana, de estrangis en su habitación. ¿Ganará la liga el Depor, Eduardo?, "Yo me abstengo", diría "el Pau", y yo, como buen gallego: " estareis invitados a una mariscada y un buen vino Albariño si quedamos campeones." (Eduardo, a tí a un gatorade). Memo, eres un mexicano como Dios manda, pero creo que deberías seguir el consejo de tu abuelo. Más sabe el diablo por viejo que por diablo (pelo). Saluda a tú familia de mi parte, incluída tu "vieja" y tú prima, y espero volver a verte. En España(Galicia) tienes tu casa. Fueron famosas en este año las conversaciones de Pablo y mías con "Roca" cada mañana. Pablo y Eduardo,teneis vuestra casa en La Coruña, ccretamente en Federico Tapia 13, 3D. Haceros una parada por la tierra del marisco y del buen fútbol.

Quiero dar las gracias a la gente que me ha ayudado en este curso: papá, mamá, David, Ignacio, Martín, Paco, Pépe, Corral, coach Van Ness, coach Moonvies, Mr. Casell, Mr. Ceglarski, Mr. Suggs, Mr. Rybicki, Mr. Kelly, Mr. Purdy, Mr. Stowens, Mr. Leavitt, Mr. Armstrong. See you Eames.

COMES THE DAWN  
After a while you learn the subtle difference  
between holding a hand and sharing a life, and  
you learn that love doesn't mean possession  
and company doesn't mean security, and  
loneliness isn't universal, and you learn that  
kisses aren't contracts, and presents aren't  
promises, and you begin to accept your  
defects with the grace of a woman, not  
the guilt of a child. And you learn  
to build your hopes on today, as the  
future hits a way of falling apart  
in mid-flight, because tomorrow's  
ground can be too uncertain for plans.  
Yet each step taken in a new direction  
creates a new path toward the promise  
of a brighter dawn. And you learn  
that even wishful thinking if you act to make  
so you plant your own garden, and push your  
fruit soil, instead of waiting for someone to  
bring you flowers. And you learn that love, true  
love, always has joy & sorrow, it's not  
present, it's to never quit the sorrow, becoming  
more and more a love that's difficult to  
leave. And you learn that you really  
don't hate, that you really are strong, not a  
weak, and you learn to give, and every goodbye you learn

AND SMILES YOU GIVE AND TEARS YOU CRY  
AND ALL YOU TOUCH AND ALL YOU SEE IS  
ALL YOUR LIFE WILL EVER BE.  
- PINK FLOYD

Five year plan, it seemed to go by so fast. Yah right! It was fun while it lasted. Hockey and Lacrosse, the two best sports in existence. Lydon soph. year was the best. Is it 9:20 yet? Load on the mats, picking hairballs, all that and more-thanks. Archie it's been great, classic night, drive Manchester to GDA (billyhops), get the chicks out of here, songs, I'll see you in Providence next year quite a bit I hope, you're a true friend. Forrest we just screwed around way too much, were lucky we never got caught, especially in Peabody. Preston co-capt. Ingham Fan Club, be careful next year. Nikki thanks for all those meaningless talks when I was in need. Male, Dippy, Dio, Gouldy, Kelm-dogs, Gravesy, Rothy (you owe me), Franco, Joe, Juden, Weiler, Freddy, Chet, Kowski, and everyone else I've ever partied with, it's been a ton of fun.

SUGAR SNIPERS: Cav, Fos, Lip. Best friends a guy could have. Operation South (Florida)-pull over Fos has got it coming out both ends, I shouldn't talk two days later, just get a we'll finish it, so who did you fool around with at FSU? A just finish that and two more, fill the corn pipe at 5 am, fake ID's Fos you look 27, great time. Operation Choo Choo (Ohio)-Big Daddy, Bartley, and Wild Bill Herb, Hot N Now, Fos likes all the fat ugly girls, Cav get her number she likes you, Arctic Bay, I saw her 17 hrs with sundown in the cart. I'll miss you guys

Stephanie - Our relationship certainly had its ups and downs, but was well worth it. We'll never know what could have been after this year, so leave it to your imagination. Now that I look back on it, I wouldn't change it for the world. You've meant everything to me this past year, and I'm really going to miss you. You better keep in touch. I love you!

And to everyone that has helped me along this never ending journey through high school-THANKS. Mr. Vaness, Mr. and Mrs. Piatelli, Mr. C, Searlsy, Mr. Moore, Ms. Bromley, Mr. Bragdon, the D.C. Committee, Les, and everyone else-THANKS. Melissa, I owe you too much to repay. You've been there for me more than enough times, and I hope you don't stop now. You're not just a nice, caring and loving older sister, but also one of my best friends, I love you! A.J. you're going to be much, much more than you ever dreamed. You don't give yourself enough credit. Sorry for all those pointless beatings, I now they're coming back my way in the years to come, Yah right. I might not show it sometimes, but you mean the world to me. Keep practicing, you might be able to beat me someday. And Mom and Dad, what can I say? Where do I start? The two of you have been there since day one. Someone to always turn to for support-my two biggest fans. I may not have always listened to you, agreed with you, and pleased you, but believe me... I've always meant well. I can't express my thanks in words. All I can say is I love you guys, thanks for being there all the time. There is no better feeling in the world than to be wanted, and you've done that and more. I'd be nothing without you.

And just remember -"It doesn't matter what someone thinks of you, it does but it's more important what you think of yourself." -Al lafrate.

Without self discovery, a person may still have self confidence, but it is a self confidence built on ignorance and it melts in the face of heavy burdens. Self discovery is the end product of a great challenge mastered, when the mind commands the body to do the seemingly impossible, when strength and courage are summoned to extraordinary limits for the sake of something outside the self - a principle, an onerous task, another human life. - Kurt Hahn

## First the somber.

I would like to dedicate this page to two special people I have known:

My scoutmaster Sam Atkins, a great man who loved scouting and taught me all about it. Secondly, Mr. Rybicki. The finest English teacher who showed me that writing does not have to be my nemesis.

Now the rest...

Wow what a year. It has gone by so fast that it is hard to believe it is almost over. This has truly been a great experience for me. Thanks mom and dad for your support for college even though I seemed uninterested and difficult most of the time. I really appreciate all your help.

Arroz thanks for being a great friend for both years. Mr. Wann and Mrs. Lenane, thank you for writing my recommendations because without them, I would not be going to a great college. To the rest of the community, Gracias y Adios;

siempre los recordare. The GDA community is 10000 times better than the ASF in Mexico City, sorry Ashley V. (in Mexico) but it is true. To Mexico. Valle de Bravo has the greatest sailing and I hope to sail again with all my friends. Charlie M. Quien sabe? Quizas nos vamos a encontrar en otro pais, como en Venezuela y Mexico. Ashley V. eres mi mejor amigo y ojalá siempre nos manteremos en contacto. David T. WWW, Camp Aztec, estos son los mejores tiempos que un scout puede tener, verdad? Gracias a Dios que podemos tener memorias, y hacer nuevas. Buena Suerte a todos de mi generación y Adios. In English. Good luck to my generation and...

JUNIORS

New faces, new experience, the Junior class is one of much distinction. We have made many great advancements in all aspects of the Governor Dummer community since Sophomore year. Each one of us has matured from being led by the hand to leading others. Our class has set high goals for ourselves and has always strove for academic and athletic excellence. When not participating in sports, the Juniors are extremely active in community service and theatrical productions. As Seniors we will continue these leadership roles with much enthusiasm.

*Class of '96*

SOPHOMORES

This has been a productive and a positive year for the Sophomore class. Not only have they excelled greatly in both academics and athletics, but they have also contributed by volunteering for the Boston Food Drive. The class is looking forward for their Junior year and also trying to accomplish as much as possible. They are joining together as a class and have great potential for future success.

*Each day we grow separately as individuals, but together as friends.*  
*- L.B.B. & M.E.T.*

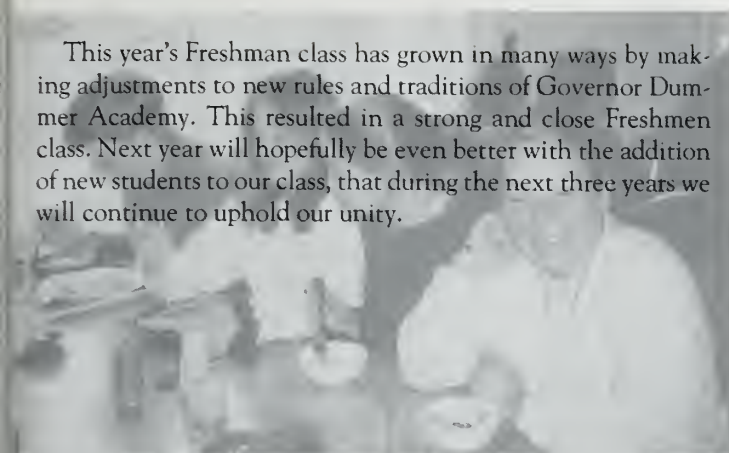

*Class of '97*

FRESHMEN

This year's Freshman class has grown in many ways by making adjustments to new rules and traditions of Governor Dummer Academy. This resulted in a strong and close Freshmen class. Next year will hopefully be even better with the addition of new students to our class, that during the next three years we will continue to uphold our unity.

"... and  
Mighty Fresh-

Led by All-League Captains, Damian Prescott and Brendan Forrest, the Varsity Men's Lacrosse team conquered many of its ISL opponents. For the third consecutive year, Damian led the ISL in scoring and finished his brilliant career at GDA by being selected an ALL-American. The team's highlight was a 16-15 victory over previously undefeated St. Marks. Despite suffering a late season loss to Exeter, the varsity lacrosse team finished the year tied for second place. The varsity squad will sorely miss the contributions of Damian and Brendan, both of whom are representing GDA in the East-West game; however next year's captains, Archie, Andy and Merritt, are prepared to lead men's lacrosse to another outstanding season.

The Varsity Baseball team endured through a long, but successful season. Led co-captains Jim Cavanaugh and Jayson Coughlin, the team had a quick start winning seven of their first eight games. After this successful beginning, the team suffered three narrow defeats to finish the season at seven and 4. With six returning players, and a strong JV squad, the team hopes to maintain the winning edge next year.

Although the teams lacked magnificent records many individuals had highly successful seasons. In the ISTA Championships David Costa took first place in the discus, Sayid Brent was first in the shot put and Raymond Long placed first in the long jump. The women also did well at the championships. Marisella Aguilera took fourth in the 800 and 1500 meter races and Liz Byre took third the 100 meter and 300 meter hurdles as well as the javelin. Both teams will miss this year's seniors but they are looking forward to continuing success.

This year's women's tennis team, led by Captain Silver, endured a challenging schedule. Many times during the year, they found themselves overpowered by the opposition, but refused to give in. They fought until the match had ended, and kept their sense of humor. They showed flashes of brilliance by winning two of their final three matches. The team will miss the departure of the four seniors, but Captain Gore and the foundation of freshmen show great promise for next year.

Despite an injury plagued season, the Men's Varsity Tennis team overcame a slow start to record a seven win season. Motivated by the enthusiastic play of co-captains Reza Pribadi and Josh Manning, the team was able to finish strong in their final season under the helm of Coach Moore. Good luck to next year's team led by a veteran corps of Roli Backes, Brooks Bornhofft, Sung An, Jason Greenberg, and Jeff Gilberg.

This year's golf team had a difficult season. Their record clearly does not show the team's ability. Led by senior Alfonso Garcia, this young team showed a lot of promise but could only record one win to end the season with a losing record. Because the team will only lose two seniors, greater success is expected next season. Good luck!

# Special Olympics

For the sixth consecutive year GDA hosted the Massachusetts Special Olympics. The event was organized by Ms. Eileen Mc Gosse and eight seniors including Luke Brubio, Greg Lydon, Alison Martin, Belle Struck, Damian Prescott, Jenn Mulloy, Gerald Kean and Cara Costanzo. The day consisted of a soccer tournament, a cycling race and equestrian events held at Windrush Farm; it was fun for all who volunteered and participated. The athletes worked hard in preparation for their events and all received medals for their excellence. This occasion is special for the school as it brings the community together to work as a whole.

"An outward and visible sign of an inward and spiritual grace."

## Community Service

Throughout the year GDA students participating in community service worked on GDA's campus and in the surrounding community. Some students helped in the library and health center while others volunteered at Anna Jaques Hospital, the Newburyport YMCA, Windrush Farms, and Salisbury's Memorial School. A few innovative students found other organizations that needed their help. Special Olympics, an event hosted by GDA every year, drew many volunteers from the GDA community.

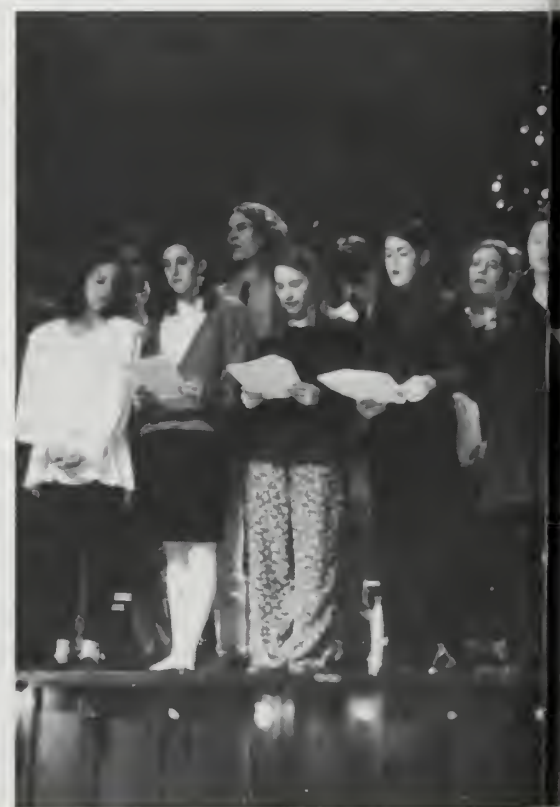

As in past years, Mr. Gosse, with the help of several other faculty, did a tremendous job organizing the efforts of students during all three seasons.

# Awards and Prizes

## The Morse Flag

During his years at Governor Dummer Academy, he distinguished himself as a remarkable student, gaining high honors while completing two AP courses and two honors level courses in his junior year, and taking two AP courses along with French V, American Society and Marine Society in his senior year.

His academic success has been rewarded by membership in Governor Dummer's Chapter of the Cum Laude Society. One teacher wrote of him, "he is a young man of total integrity and one who is friendly, sensitive, happy and kind! He has and deserves the respect faculty and of his peers."

Co-captain of our New England champion Cross Country Team, which went undefeated in dual meets for the first time in the school's history, he won the Coach's Award for two years in recognition of his outstanding performances and commitment. His success in varsity track has earned him recognition in his tenth and eleventh grade years as winner of the Gilbert Distance

Award and captain of this year's track team. He placed third in the 880 while his team finished third in New England.

A committed member of the varsity basketball team, he won the Coach's Award in basketball and has played overseas as a select basketball team.

In the midst of his commitment to academic and athletic success, he has been co-editor of our remarkable weekly school newspaper after serving as sports editor last year. This position alone is a full-time job.

Outside of his Governor Dummer life, he has served in the Boy Scouts as an assistant scout master and was recently presented with the Eagle Scout Award.

Through all these accomplishments, he presents an unusual concern for people, an intellectual acumen, a quiet determination, a calming warmth and an enduring gracefulness. His approach to everyday living is inspirational to the young and old of Governor Dummer Academy.

*Timothy Collin O'Keefe*

## The Academy Prize

He followed his big brother to Governor Dummer Academy, entering as a freshman day student in September, 1990. Earning academic honors each year at the Academy, he has served as a catalyst in all activities. Comments from several of his teachers capture his impact upon those around him: "It really has been a privilege to teach this young man. I have never encountered a student with so much energy. He takes on any project with enthusiasm." "He was the joy and spark of the class up to the last day and including the final exam. His curiosity fire and ambition lit the way to knowledge."

His soccer coach considers him to be the finest competitor he has ever instructed during his long significant career at Governor Dummer Academy. In this sport he was All Independent School League for three years, All State and All New England in his senior year and honorable mention for All American in his senior year. He was captain of a fine team. In men's varsity ice hockey he was a determined forward and he won the

Paul Wasson Award for spirit. He was an inspiring mid-fielder and co-captain of the men's lacrosse team this spring.

He was one of eight juniors inducted into the GDA Honor Society, an honor reserved for student's whose substantial impact on our community is noteworthy. He was also one of four seniors on the elite Discipline Committee. He has been a head tour guide in admissions and a member of our Red Key. At the conclusion of his junior year he was one of two recipients of the Carl A. Pescosolido, Jr. Award. He clearly honored this award within all aspects of his life of his senior year.

Responsible, courteous and genuine he has been an exceptional individual on our campus. He is driven by his enthusiasm to learn and to be involved and he remains humble in the face of all his accomplishments. To steal the words of Janet Adams-Wall, our Director of College Counseling, "He just keep digging in deeper making more of a significant impact each day."

*Brendan Michael Forrest*

## The Headmaster's Cup

He came to us as a repeat freshman day student in September 1990, and it is safe to say that during his initial years he was not overly happy about life at the school. But this feeling did not deter him from earning high honors from his sophomore year on and being inducted into the Cum Laude Society.

In the classroom, he had the courage to risk in order to learn and know. He is willing to ask a probing question.

That same courage enabled him to serve and lead rather than stand aside from the community. He assisted the varsity football team and the third basketball team, and he worked for the Special Olympics. During

summers he is totally committed to a coed residential camp in nearby Boxford.

Throughout his life at Governor Dummer and particularly as student body president, he has been indefatigable in his determination to foster a substance-free community. His own example and persuasiveness earned the respect of those he approached.

His quiet tenacity, unassuming leadership, and willingness to work hard have been major factors in the success of this year and in the mature way our community handled triumph and tragedy.

The courage of the first winner of the Headmaster's Cup has permeated the life of our community.

## The Thorndike Hilton Cup

The education of each of us is not a competitive enterprise, although much in American culture today seems to teach our young that all things scholastic have meaning understood only in the language of business, government or professional sport. Learning should be cherished as the fulfillment of human development. Through the presentation of this award, the faculty of Governor Dummer honors the intellectual growth and academic achievements of all its students.

Any ranking scholar must embody diligence along with intelligence. This student has begun to engage the world of ideas.

Not as wages of victory in compe-

tion but as an emblem for the scholarship to which we hope all students aspire, it is an honor to award the Thorndike Hilton Cup on behalf of the entire faculty.

## Ambrose Speaking Contest

### First Place

He reminds you of the Borstal boy in "The Loneliness of the Long-Distance Runner."

He is rebellious but not mean; he is proud but not conceited. In fact, he is a distance runner. A four-year member of the GDA cross-country team, he not only kept chasing his personal best time, but he also was part of an ISL undefeated and New England Championship team.

His teachers are amazed and frustrated by his intellectual acuity and dexterity. Meanwhile, he has worked with young children at the Newburyport YMCA, has participated in the tech crew, and has served as a Mansion House proctor.

This year's speaking contest winner, our own angry young man with a heart of gold, is

**Jonathan E. Stetler**

### Second Place

He is legendary in Eames dormitory for his uncanny impersonations of faculty members. He has been a mainstay, a rock, an irresistible force at the heart of that unsung part of the Governor Dummer football team: the line.

He also served with distinction as head manager of stats and towels for the Varsity basketball team.

As a scholar, he convinced his teachers that he has the qualities if not the drive to succeed. Teachers often comment that this young man is too quiet.

Here is another story that his former advisor, Mr. Rybicki, would have loved: The quiet kid from Pasadena, CA wins second place in the speaking contest.

**Siddharth Saraf**

### Third Place

She brings warmth, charm, enthusiasm, and wit wherever she goes. She is a loyal and tireless friend.

Her idea of citizenship has led her to community service, to simulated United Nations at Tufts University, and to leadership in the theater community and on the chapel committee. In a delightful coincidence, she played Antigone here in November and was a spokesperson for the Greek nation at Tufts in April.

Her Senior Spring Term Project in painting, "In the Nude," was a delight. She is an artist, singer, poet, and a graceful speaker.

**Belle Carver Struck**

# Special Prizes

Her warmth, her humor and her genuine approach to relationships have permeated her leadership as a freshman class vice-president, a sophomore class vice-president, junior class president and this year as secretary/treasurer of the student council, as well as a dormitory proctor. She has created a positive and caring climate in all areas touched by her concern. Such a positive stance has earned remarkable academic success throughout her four years at Governor Dummer Academy and membership in the Cum Laude Society.

*Kristen Lynn Marvin*

She has mastered the art of balancing a challenging academic load with responsibilities to numerous extracurricular activities. Diligent and persevering, a member of the Cum Laude Society, she stretched herself intellectually while taking a program which this year included French V, calculus and accelerated physics. In the midst of this challenge she played varsity soccer, captained our tennis team, served as a volunteer at the local YWCA, co-president of Project Reachout and made significant contributions to our weekly school newspaper.

*Karen Elissa Silver*

Today's world demands a special courage to make a statement against softness within society; she has no hesitancy in declaring her belief in a drug free society by providing leadership for our Health and Wellness Committee and being a secretary of SADD. She surfaced in our life in many ways; as head of Smith and Company, our dance troupe, as an outstanding performer in varsity soccer and varsity track. As one of fifteen students selected for this year's Interdisciplinary Seminar, and as an outstanding student, a member of the Cum Laude Society, she is described by one of her teachers as "a delight and a privilege to teach."

*Nicole Anne Abdulla*

Described by a teacher as "an intuitive reader, a gifted storyteller, an inspiring conversationalist, and a witty essayist," a member of the Cum Laude Society, she has achieved success in the classroom and in athletic competition. Furthermore, she has provided significant service as a Head Tour Guide and co-director of the Large Special Olympics State Soccer Tournament held on our campus. In all her activities she has been an honest and sincere individual who combines hard work with a warm personality.

*Alison Louise Martin*

He chooses pressure-filled situations. The year before he came to Governor Dummer he was goalie MVP on the LA Junior Kings hockey team which finished third in the nation. He played that position on Governor Dummer's strong men's hockey teams as well as playing Varsity soccer and baseball before starting on the men's lacrosse team this spring. He was selected as one of four seniors to serve on our critical disciplinary committee which makes recommendations to the Headmaster. While being tested in such crucibles he remained an ebullient, enthusiastic and engaged individual with a balance of humor, sensitivity and seriousness.

*Lucas Andrew Franco*

Focusing intently on her academics and athletics she is quiet and reserved, content to go about the business at hand. She is the type of student athlete who is the backbone of many of our organizations. Winning the Colby Prize last year for her accomplishments in History, a member of the Cum Laude Society, she performed near the top of her class while taking a demanding program. A three-sport varsity athlete, she will have opportunities to play in college competition. The poised manner with which she has achieved such success is as impressive as her visible accomplishments.

*Elisabeth Margaret DeLisle*

Gracious and caring, she loves people and her activities reflect that passion whether leading SADD, serving as a dormitory proctor, being selected for the Honor Society, being a force on the Discipline Committee and the Discipline Review Committee, serving during the summers as a candystriper at Portsmouth Regional Hospital, being a Big Sister, a member of Special Olympics and Red Key. In the course of all this she was one of the top students in her class and a member of the Cum Laude Society.

*Jennifer Lynn Mulloy*

Perseverance — perseverance created a scholar-athlete. A joy to teach. She was often the first to respond to a question and often the leader of class discussion. She applied her quick and lively mind with sensitivity and courage. In athletics she was a captain in soccer and lacrosse, and in hockey she actually progressed from never having played this sport to being a starter at defense for two years. Along with perseverance she brought to all her commitments an infectious sense of humor which gave joy to her classmates and teammates.

*Nicole Tuohy Whelan*

## The Wilkie Service Award

With her service to others on both the Governor Dummer campus and in the surrounding communities she fully exemplifies the GDA motto — *Non Sibi Sed Aliis*. Her selflessness has been expressed in a variety of activities: in her junior year she was a volunteer in our library and a tutor to shelterless children in the Partners in Progress program at the Salisbury Memorial School. In the summer of her junior year she gave many hours of volunteer service at Anna Jaques Hospital.

During her senior year she launched a tutoring program at Nock Middle School in Newburyport by asking to provide help in mathematics to students in need. Her success attracted requests from other principals of local elementary schools asking for help. While tutoring in Newburyport she continued to assist in the Partners in Progress program; for this work she was awarded a Presidential Youth Service Citation. This spring she gave to a new venture, the provision of child care at the Transition House in Amesbury, a home for battered women. A truly deserving recipient of the Wilkie Award.

## The Mercer Art Prize

Since coming to the Academy as a junior she has been a beacon to others as she has immersed herself in the arts while excelling in the art room, on stage, in chorus and in her writing. So, even though this is an award for an outstanding art student who took three courses in art, who won a silver in the Boston *Globe* Awards this year and who recently presented a show of her own work, it is also given for her varied participation in so many different endeavors. She is a unique spirit, dancing to her own tune but inviting others to participate in the dance.

**Catherine Russell Perry**

**Belle Carver Struck**

## The Alumni Association Award

The outstanding career of this year's recipient of the Alumni Award began as a freshman. A hard-working day student possessed of intellectual curiosity and quiet diligence, she brings integrity to everything she does. As a student she took on a challenging four-year program including three Advanced Placement courses. Despite this demanding course load, she earned academic High Honors in three out of her four years here and was inducted into the Cum Laude Society.

She has been extremely successful in her athletic pursuits as well. In her career at GDA, she has been a member of the varsity tennis, field hockey, and ice hockey teams. With her great speed and quietly competitive spirit, she is well-respected by teammates and coaches alike. She has played a leading role in community service at the Academy as well. As one of this year's co-presidents of Project Outreach, she was instrumental in organizing a number of projects to help the greater community, such as serving dinner to those at a homeless shelter, conducting a food drive at Thanksgiving or selling UNICEF cards. She exemplifies the Academy's motto *Non Sibi Sed Aliis*.

## The Gaffney Prize

At every juncture during her tour through GDA she has shown dedication to others: as a steady presence in her dormitory sophomore year, as treasurer and then president of the Environmental Club, as a participant in Peer Outreach, and in her service to Special Olympics. As a member of both the Student Council and the critical Discipline Committee, as a proctor in Farmhouse, as President of her class, and a member of the Cum Laude Society she has operated at the core of student leadership.

She augmented the academic atmosphere of our community by her tenacity, her unquenchable thirst for knowledge and her approach to learning as a curious and satisfying endeavor.

**Kasey Erin McGarrigle**

## The Mercer Art Prize

In one year completing more work than most students accomplish in four years, he is one of the most prolific art students to ever attend the Academy. His work is contemplative, curious, imaginative, exploratory and always striving for perfection. He has been a great example for other students as he has worked in ceramics, charcoal and painting. He has completed a free term in art, prepared for the Advanced Placement Exam and won an Honorable Mention from the Boston *Globe*. He was also selected to win the Rhode Island School of Design Award for an outstanding senior art student.

**Leon Rodriguez**

## The Cumings Prize

Warmth, graciousness, a sense of humor and a self-effacing determination characterize his contributions to the classroom, to varsity competition and to his many friends in the community. One teacher commented: "He was a real strength in the classroom — he assiduously completed all of his work, never missing a beat. He served as a good example for others to follow."

In all his contributions he was one to be counted upon, whether locating a key rebound or helping a friend. His involvement in red key, special olympics, and his service as big brother are consistent with his attitude.

And throughout his Governor Dummer years every Friday night and every weekend he held a steady job in a restaurant.

He leaves a better community in his wake.

**Justin Eduardo Rivera**

## The Barriskill Prize

If music truly has strength to soothe the savage beast, then this year's recipient of the Barriskill is a knight in shining armor, a musical Gallahad, ten-fold strong and pure. Music is so much more than merely notes on paper or the sounds in our ears. It is a language that exists on a different plane. It speaks to us on many levels. To be fluent in this wonderful musical language one must study ... and practice ... and listen. One must also be self-disciplined and self-exploratory. Do these things and you become a musician and you learn to listen and speak to others in strange and wonderful ways.

This year's winner has spoken volumes, not only as a musician, but as a mentor and inspiration to his fellow musicians and classmates. He will long be remembered and cherished for his superb leadership and musicality. He is a true musician.

**Rahul Kondagunta  
Sivaprasad**

## The Edward J. Rybacki Prize

This student journalist's overwhelming sense of purpose and selfless devotion to the paper kept the process rolling. He alternately coaxed and prodded his peers into writing stories, laying out pages, and editing and distributing the paper, even as so many difficulties swirled around us. The *Governor* continued to excel. This recipient became the clear leader of the staff and coordinated coverage of humanities, sports, student government, and editorials. He has the insight to sense the school's need for humor, and in a late-winter editorial encouraged the student body to "lighten up," to return skits and jokes to morning meeting. It is this courage, this sense of purpose, this ability to laugh, this selfless devotion to others, that leads us to celebrate.

### Timothy Collin O'Keefe

## The Thespian Award

No one debates this young performer's talents: If you want comedy, she'll give you a key side splitting version of Hedy LaRue. If tragedy is your taste, her *Antigone* will haunt your heart. Much more than theatrical talent, she is a caring and generous team member of our performing arts community. No part is too small — no actor too young — no personality is too eccentric for her. She includes all in her care and her support.

### Belle Carver Struck

## The Anne Marie Murphy Athletic Award

For the past two years, our ISL soccer and ice hockey opponents have been trying to discover a way to defend this athlete. She has played lacrosse and has been the second leading scorer and striker in soccer, but she is indisputably the epitome of how an ice hockey player should play the game. A powerful skater, an intelligent, creative play-maker, with a scorer's dexterity, during her two years here, she has been a team captain, an ISL All-Star, and now stands as GDA's all-time leading ice hockey scorer. As a junior she made it to the last cut for the Women's National Hockey team, and she has been an outstanding player for the Assabet Midget team and the Massachusetts Select team, which won the National Championship this season under her leadership. At all times, she offers a standard of play and sportsmanship toward which so many athletes, coaches, and teams work. Considered to be one of the most talented players in the country, she has been sought nationally by colleges and universities.

### Brandy S. Fisher

## The Goodwin Athletic Prize

In football, ice hockey, and baseball he is a competitor and a sportsman. He has won the respect of his teammates and the opposition for his courage and poise. He works on his skills and creates improvement. In football, he has been two-time MVP, a team captain, a three-time All League player, and he was recently inducted to the National Football Hall of Fame. He has also been elected All-Scholastic by the *Boston Globe* and will play in the North-South Shriner's Game. In hockey and baseball, he has earned All-League honors; he has been chosen MVP and team captain. An athlete who performs at his best under pressure, he asks no quarter, gives no quarter and when the game is over offers congratulations in victory or defeat. He is an honest, hard-working athlete who leads by example on and off the field. Furthermore, he earned a letter of commendation from the Cum Laude Society for his academic performance. It is no wonder that he was sought after by a number of colleges.

# Yearbook Note

The editors of this yearbook are greatly indebted to their editorial and staff support who saw the book through. We made some changes, hopefully for the better, though the senior section was too much work for too few people to do. Thanks to all students who contributed time and photographs. Special thanks to those who helped this summer: Michelle, Amanda, Sung, Matt, and Roli. Extra special thanks to Laura, who guided the project through the spring and summer. Without her help you might not be reading this. Good Luck to next year's staff and yearbook. Cooperation and volunteerism are the keys.

Governor Dorr, Boston, Mass.,  
Byrd, Mass., 1840.
